ARMY ORDNANCE

Index to Volume IV

No. 19 (July-August, 1923) to No. 24 (May-June, 1924) Inclusive

---

SUBJECT INDEX

Aberdeen Chronograph, The ---- 219
Aberdeen Chronograph, The, in Small Arms Testing 51
Academic Work at the Military Academy ---- 287
Accessories, Standardization of Machine Tools and ---- 261
Advantages of Hydro-Pneumatic Recoil Mechanisms 230
Agriculture, War Time Nitrogen for Peace Time ---- 161
Air Clarifiers (Carburetor) ---- 14
Airplane Instrument ---- 257
Airplane Motors, Overhauling ---- 258
Alum Chine Explosion, Wave Distribution at ---- 94
Alma Mater ---- 317
American Iron and Steel Institute, The (Editorial) 1
American Iron and Steel Institute, The ---- 69
American Iron and Steel Institute, Resolution of the ---- 201
American Society of Mechanical Engineers (Editorial) 201
American Society of Mechanical Engineers, Meeting of the Ordnance Division of ---- 254
Ammonium Nitrate, Fire Risks with ---- 237
Ammonium Nitrate, The Influence of Confinement upon Explosibility of ---- 329
Ammonium Nitrate, The Influence of Density of Packing Upon Explosibility of ---- 395
Ammunition, The Testing of Small Arms and, Part II ---- 49
Ammunition, Artillery ---- 177
Ammunition, Artillery, Caliber Board Requirements for ---- 107
Ammunition Division Notes ---- 126
Ammunition Duds ---- 224
Ammunition for Development Tests, 37-mm. Colt Automatic Gun ---- 404
Ammunition for Divisional Artillery ---- 109
Ammunition for Infantry Weapons ---- 110
Ammunition for Larger Caliber Guns ---- 110
Ammunition for Service Test, 37-mm. and 75-mm. Infantry Caisson ---- 404
Ammunition for the National and International Matches ---- 227
Ammunition, New 155-mm. Howitzer, for Service Test 404
Ammunition, Prematures ---- 223
Ammunition, Test of Palma Match ---- 228
Ammunition, The Malfunctioning of ---- 223
Ammunition, Trench Mortar, The Malfunctioning of 226
Annual Report of the Chief of Ordnance, Extracts from the (1923) ---- 149
Another Milestone (Editorial) ---- 124
Antiaircraft Bombs ---- 325
Antiaircraft Bombs, Characteristics of ---- 104
Antisubmarine Bombs ---- 218
Armor-piercing Bombs ---- 324
Armor Plate, Light, Testing of ---- 49
Army Artillery, Progress in Development of ---- 20
Army Industrial College (Editorial) ---- 352
Army Ordnance A Month Earlier ---- 278
Army Ordnance, Back Numbers of (Editorial) ---- 133
Army Ordnance Association, California Post of the 144
Army Ordnance Association, Chicago Post Established ---- 343
Army Ordnance Delegates to A. S. M. E. Spring Meeting at Cleveland ---- 360
Army School of Business ---- 222
Army Tractor, Model 1921, Characteristics of ---- 106
Artillery Ammunition ---- 177
Artillery Ammunition, Caliber Board Requirements for ---- 107
Artillery, Army, Progress in Development of ---- 20
Artillery, Corps, Progress in Development of ---- 19
Artillery Design, Part I ---- 15
Artillery Design, Part II ---- 101
Artillery Division Notes ---- 55, 189, 336, 403
Artillery, Divisional, Ammunition for ---- 109
Artillery, Divisional, Progress in Development of ---- 15
Artillery, Divisional, Trailers for ---- 7
Artillery, Pack, Progress in Development of ---- 18
Artillery, Transport Wagons for, Part II ---- 43
Artillery, Transport Wagons for Medium and Heavy Field, Part III ---- 251
Artillery Wheels, Budd Pressed Steel ---- 57
A. S. M. E. Spring Meeting at Cleveland, Army Ordnance Delegates to ---- 360
Association Plans for 1924 (Editorial) ---- 201
Automotive Testing ---- 46
Back Numbers of ARMY ORDNANCE (Editorial) ---- 133
Ballistic Experiments ---- 108
Ballistics, Bomb ---- 211
Ballistics in the World War ---- 337
Balloon Tires, Tests of ---- 403
Baruch, B. M., on Mobilization ---- 405
Battleships, The Recent Bombing Tests on ---- 126
Benzol and Toluol for the Next War ---- 155
Best S-30 Tractor, Test of ---- 403
Bethlehem Steel Retains Emergency Ordnance Plants 340
Black Powder, Grade A-4, for Smoke Bomb Use ---- 404
Bombing Tests, The Recent, on Battleships ---- 126
Bombs, Part I ---- 209
Bombs, Part II ---- 324
Bombs, Part III ---- 391
Bombs, Antiaircraft ---- 325
Bombs, Antisubmarine ---- 218
Bombs, Armor-piercing ---- 324
Bomb Ballistics ---- 211
Bombs, Carrying Devices ---- 211
Bombs, Demolition ---- 215
Bomb Design ---- 210
Bombs, Fragmentation ---- 213
Bomb Fuzes ---- 392

ARMY ORDNANCE

Bombs, Sub-Caliber ---- 326
Bombs, The Malfunctioning of ---- 264
Bombs, Torpedo ---- 324
Book Reviews ---- 52, 195, 267, 341, 409

"Advanced Laboratory Manual of Organic Chemistry," by Michael Heidelberg ---- 342
"Administration and Polities of Tokyo," by Charles A. Beard ---- 409
"American Coast Artillery Matériel," prepared in the Office of the Chief of Ordnance ---- 270
"American Constitution as It Protects Private Rights," by Frederick Jessup Stimson ---- 410
"The Americanism of Theodore Roosevelt," by Hermann Hagedorn ---- 268
"Applied Business Finance," by E. E. Lincoln 269
"l'Artillerie Nouvelle," by L. Thouvenin ---- 52
"Catalytic Aetion," by K. George Falk ---- 270
"Charts and Graphs," by Karl G. Karsten ---- 270
"Commerce Year Book, 1922," compiled by U. S. Department of Commerce ---- 269
"Diplomatic Portraits," by W. P. Cresson ---- 268
"Dyes Classified by Intermediates," by Norris Shreve ---- 342
"From Immigrant to Inventor," by Michael Pupin ---- 268
"The Genesis of War," by Herbert Henry Asquith ---- 341
"Handbook of Ballistics," Vol. I, by C. Kranz and K. Becker ---- 52
"History of Greek Philosophy," by B. A. G. Fuller ---- 342
"Industrial Filtration," by Arthur Wright ---- 343
"The Inquisition," by Hoffman Nickerson ---- 409
"International Commercial Policies," by George M. Fiske and Paul S. Pierce ---- 341
"The Labor Theory of Value in Karl Marx," by H. W. B. Joseph ---- 411
"Manual of Military Training," by Col. James A. Moss and Maj. John W. Lang ---- 410
"Memories Wise and Otherwise," by Henry Robinson ---- 341
"Memorial d' Artillerie Francaise" ---- 52
"Metals and Their Alloys," by Charles Vickers 52
"Military Motor Transportation," prepared by Coast Artillery School ---- 195
"Motor Fuels, Their Production and Technology," by Eugene H. Leslie ---- 343
"Organized Business Knowledge," by Joseph France Johnson ---- 411
"An Outline of the British Labor Movement," by Paul Blanshard ---- 409
"Our America," by John A. Lapp ---- 409
"Practical Economies," by Henry P. Shearman 195
"Problem of Armaments," by Arthur Guy Enoch 195
"Purchasing Principles and Practices," by John C. Dinsmore ---- 410
"Questions of the Hour," by Viscount Milner ---- 267
"Race and National Solidarity," by Charles Conant Josey ---- 342
"Roger Bacon's Letters," by Tenny L. Davis ---- 269
"Samuel Adams, Promoter of the American Revolution," by Ralph Volney Harlow ---- 411
"Scales and Weighing," by H. T. Wade ---- 411
"Source Book of Research Data," prepared by New York University Bureau of Business Research ---- 269
"Waste in Industry," by Committee of Elimination of Waste in Industry of the Federated American Engineering Societies ---- 195
"Where Are We Going?", by David Lloyd George ---- 268
"World Crisis, 1915," by Winston Spencer Churchill ---- 267
"The Writer's Index," by J. M. Manly and Edith Rickert ---- 411
"Yields of Stocks and Bonds," by Johnson, Stone, Cross and Kircher ---- 410

Breech Blocks and Breech Bushings, Step Threading of ---- 255
Bromate-free Potassium Chlorate ---- 404
Budd Pressed Steel Artillery Wheels ---- 57
Bureau of Standards, Investigations on Machine Gun Barrel Steels ---- 403
Bureau of Standards, Ordnance Investigations at ---- 339
Caisson, Infantry Limber and, Model 1923, for 37-mm. Gun Carriage, Model 1923 E ---- 338
Caisson, The Mark VII Tractor ---- 11
Caisson, ¾-ton Trailer, Model 1921 ---- 6
Caliber Board Projects, Progress Under ---- 15
California Post of the Army Ordnance Association ---- 144
Campbell-Twambley Dynamometer ---- 47
Camera Obscura, Its use in Small Arms Work ---- 50
Cargo Transportation, Cross-Country ---- 3
Carriage, 37-mm. Gun, Model 1923 E ---- 338
Carriage, 75-mm. Gun, Model 1897 (French), Lunette for ---- 337
Carriage, 75-mm. Gun, Model 1923 E, Top Carriage 336
Carriage, 4.7-inch Gun, Model 1921 E ---- 258
Carrying Devices for Bombs ---- 211
Carty, General John J., Address of, at New York, Industrial Preparedness Meeting ---- 294
Chamber of Commerce, Western Division, Approves Preparedness Plans (Editorial) ---- 278
Charpy Testing Machine, Use of in Determining Relation between Dynamic and Static Tensile Tests 89
Chase Track, Dodge Truck with ---- 107
Chassis, Trailmobile Universal ---- 23
Chemistry in War, The Role of ---- 30
Chicago Post, Army Ordnance Association, Established ---- 343
Chief of Ordnance, Extracts from the Annual (1923) Report of ---- 149
Chief of Ordnance, Report of for Fiscal Year 1923 (Editorial) ---- 133
Chronograph, The Aberdeen ---- 219
Chronograph, Duda Photographie ---- 403
Clearances ---- 362
Clows, William, on the Use of Poison Bullets (Letter to Editor) ---- 328
Colt Automatic Gun, Ammunition for Development Test of 37-mm. ---- 404
Commercial Explosives, The Military Use of, by the Germans ---- 115
Commercial Tractors, Development of ---- 12
Computer, Range, Deflection and Wind Correction ---- 339
Corps Artillery (Extract from Annual (1923) Report of the Chief of Ordnance) ---- 149
Corps Artillery, Progress in Development of ---- 19
Corps, The ---- 314
Corps Tractor, Model 1921 E ---- 403

Cross-Country Cargo Transportation---- 3
Crowell, Benedict: A Vindication (Editorial)---- 277
Crowell, Benedict: Reelected President A. O. A.---- 68
Cyanuric Triazide, A New Detonating Explosive--- 188
Davis, Assistant Secretary of War Dwight F., Address of, at Fifth Annual Meeting, Army Ordnance Association ---- 135
Davis, Assistant Secretary of War Dwight F., Address of, at New York Industrial Preparedness Meeting ---- 292
Demolition Bombs ---- 215
Density of Packing, Influence of, Upon Explosibility of Ammonium Nitrate---- 395
Design of Power Cart---- 403
Designs, New, for the Next War---- 249
Development of Commercial Tractors---- 12
Development of Fabric Track---- 189
District Ordnance Reserve Officers, School of Instruction at Rock Island Arsenal for---- 346
Divisional Artillery, Ammunition for---- 109
Divisional Artillery, Progress in Development of--- 15
Divisional Artillery Tractor, Model 1921---- 8
Divisional Artillery Trailers---- 7
Divisional Tractor, Model 1920, Test of---- 106
Dodge Truck with Chase Track---- 107
Duda Photographic Chronograph---- 403
Duds, Ammunition ---- 224
Duds, Recovery of Ammunition---- 264
Dynamic and Static Tensile Tests, The Relation between ---- 88
Dynamometer, The Campbell-Twamley---- 47
Editorials----1, 124, 133, 201, 277, 351
American Iron and Steel Institute---- 1
American Society of Mechanical Engineers---- 201
Another Milestone ---- 124
Army Industrial College---- 352
Army Ordnance A Month Earlier---- 278
Association Plans for 1924---- 201
Back Numbers of Army Ordnance---- 134
Benedict Crowell: A Vindication---- 277
Election of Officers, Army Ordnance Association 2
Importance of Gages in Munitions Manufacture 351
Law—Not War ---- 1
Man Power and Munitions Power---- 277
Membership ---- 133
New York Industrial Mobilization Drill---- 351
Report of the Chief of Ordnance (1923)---- 133
Resolution of Reserve Officers Association---- 2
Secretary of War Urges Cooperation---- 2
The Meeting (1923)---- 133
Western Division, Chamber of Commerce, Approves Preparedness Plans---- 278
Effect of "Whip" on Travel of Projective in Bore of Gun---- 127
Election of Officers, 1924 (Editorial)---- 2
Emergency Munitions Reserves (Extract from Annual (1923) Report of the Chief of Ordnance)--- 149
Engineer, The Scientist and, as Reserve Officers---- 85
Engineering Expense of War Preparation---- 357
Engineering Societies of New York Endorse Industrial Preparedness Plans---- 291
Erosion Test, Small Arms---- 49
Examination of Steel by the X-Ray Spectrometer-- 77
Explosibility of Ammonium Nitrate, The Influence of Confinement upon---- 329
Explosibility of Ammonium Nitrate, Influence of Density of Packing Upon---- 395
Explosion, *Alum Chine*, Wave Distribution at---- 94
Explosive, A New Detonating (Cyanuric Triazide)-- 188
Explosives Industry in the United States, A History of the---- 141
Explosives, The Military Use of Commercial, by the Germans---- 115
Explosives, The Specific Heat and Thermal Diffusivities of Certain, Part I---- 117
Explosives, The Specific Heat and Thermal Diffusivities of Certain, Part II---- 184
Explosives, The Specific Heat and Thermal Diffusivities of Certain, Part III---- 242
Exudation, High Explosive Shell---- 83
Fabric Track, Development of---- 189
Factors of National Defense---- 346
Fifth Annual Meeting, Army Ordnance Association (Editorial)---- 133
Fifth Annual Meeting at Aberdeen---- 135
Financial Cycle, The Ordnance---- 247
Fire Control Instruments (Extract from Annual (1923) Report of the Chief of Ordnance)---- 149
Fire Risks with Ammonium Nitrate---- 237
Fixed Nitrogen Research, Progress in---- 236
Flexible Track Link and Shoe for 75-mm. Gun Motor Carriage (1924E)---- 189
Fragmentation Bombs---- 213
Frankford Arsenal Notes----257, 339
Frankford Arsenal Rifle Club---- 60
Fordson Tractor with Hadfield-Penfield Adapter---- 9
French Long-Range Gun---- 189
Fuze, Trench Mortar, Mark VI (Letter to Editor)-- 328
Fuzes, Bomb ---- 392
Fuzes, Special Bomb---- 393
Gage Control, Necessity for Centralized---- 143
Gages: Their Importance in War and Peace---- 142
Gage Design, Ordnance, and the Industrial Engineer 373
Gage Inspection, Precision Measuring Instruments Used in ---- 375
Gage Maker, The Place of the, in Modern Industry-- 359
Gage Problem, How the Ordnance Department Has Solved Its ---- 385
Gage Provisions of National Defense Act of 1916---- 354
Gages ---- 363
Gages and National Defense---- 353
Gage Situation During World War---- 355
Gaging the Springfield Rifle---- 367
Gary, Hon. Elbert H., Address of, at Fifth Annual Meeting Army Ordnance Association---- 137
Gary, Hon. Elbert H., Address of, at New York Industrial Preparedness Meeting---- 291
German Long-Range Gun, Part I---- 98
German Long-Range Gun, Part II---- 167
German Tanks---- 31
German Transport Wagons for Artillery---- 43
Grade A-4 Black Powder for Smoke Bomb Use---- 404
Grenades, the Malfunctioning of---- 264
4.7-inch Gun Motor Carriage, Model 1922 E---- 405
Gun, 8-in., and Railway Mount, Probable Characteristics ---- 101
Gun, 14-in., Railway Mount, Probable Characteristics 102
Gun, 14-in., Removal of Liner from---- 58
Gun, 155-mm., Model 1920 E, MI---- 55
Gun Carriage, 37-mm., Model 1923 E---- 338
Gun Carriage, 4.7-inch, Model 1921 E---- 258
Gun Carriages, Manufacturing Limits in---- 190
Gun Carriage, Lunette for 75-mm., Model 1897 (French) ---- 337
Gun Carriage, 75-mm. Gun, Model 1923 E, Top Carriage ---- 336

Gun Carriage Parts, Standardization of---- 260
Gun, 75-mm., Motor Carriage (1924 E), Flexible Track Link and Shoe for---- 189
Gun, Measuring the Life of a---- 111
Gun Motor Carriage, 4.7-inch, Model 1922 E---- 405
Gun, Removing Liner from 14-inch---- 256
Gun, The French Long-Range---- 189
Guns, Antiaircraft, Characteristics of---- 104
Guns, Larger Caliber, Ammunition for---- 110
Gun, The German Long-Range, Part I---- 98
Gun, The German Long-Range, Part II---- 167
Hadfield-Penfield Adapter for Fordson Tractor---- 9
Herbert Pendulum Hardness Tester---- 190
High Explosive Shell Exudation---- 83
History of the Explosives Industry in the United States---- 141
Holt T-35 Tractor---- 8
Howitzer Carriage 155-mm., Model 1925---- 405
Howitzer, 16-inch, 25 caliber, Characteristics of---- 104
How the Ordnance Department has Solved Its Gage Problem---- 385
Hydro-Pneumatic Recoil Mechanisms, Advantages of---- 230
Hydro-Pneumatic Recuperator vs. Spring Recoil---- 53
Importance of Gages in Munitions Manufacture (Editorial)---- 351
Incendiary Bombs---- 326
Industrial Engineer, Ordnance Gage Design and the---- 373
Industrial Mobilization---- 113
Industrial Preparedness---- 358
Industrial Preparedness in Chicago---- 164
Industrial Preparedness Plans, New York Engineering Societies Endorse---- 291
Industrial Preparedness Plans Tested---- 388
Industry, The Place of the Gage Maker in Modern---- 359
Infantry Caisson, Ammunition for Service Tests of 37-mm. and 75-mm.---- 404
Infantry Limber and Caisson, Model 1923 E, for 37-mm. Gun Carriage, Model 1923 E---- 338
Infantry Weapons, Ammunition for---- 110
Influence of Confinement on Explosibility of Ammonium Nitrate---- 329
Influence of Density of Packing Upon Explosibility of Ammonium Nitrate---- 395
Institute, The American Iron and Steel (Editorial)---- 1
Interchangeability, Whitney and North Originators of---- 354
Interchangeable Manufacture and Munitions---- 361
International Matches, Ammunition for the National and---- 227
Iron and Steel Institute, The American---- 69
Jump---- 37
Law—Not War (Editorial)---- 1
Letters to the Editor---- 87, 328
The Mark VI Trench Mortar Fuze---- 328
The Ordnance Engineer 150 Years Ago---- 87
William Clows on the Use of Poison Bullets---- 328
Lightning Protection for Powder Magazines---- 404
Limber, Infantry and Caisson, Model 1923 for 37-mm. Gun Carriage, Model 1923 E---- 338
Liner, Removal of 14-inch Gun---- 58
Liner, Removing from 14-inch Gun---- 256
Long-delay Bomb Fuze---- 394
Lunette for 75-mm. Gun Carriage, Model 1897 (French)---- 337
Machine Gun Barrels, Notes on Localized Enlargements of---- 165
Machine Gun Barrel Steels---- 403
Machine Guns (Extract from Annual (1923) Report of the Chief of Ordnance)---- 149
Machine Tools, Accessories, Standardization of---- 261
Mack Truck with Roadless Adapter---- 11
Malfunctioning of Ammunition---- 223
Man Power and Munitions Power (Editorial)---- 277
Manufacture, Interchangeable and Munitions---- 361
Manufacturing Limits in Gun Carriages---- 190
Maintenance, Supply and, of Material (Extract from Annual (1923) Report of the Chief of Ordnance) 150
Measuring the Life of a Gun---- 111
Medium 1924 Tank---- 404
Meeting, Fifth Annual, of Army Ordnance Association---- 135
Membership (Editorial)---- 133
Memorial des Poudres et Saltpetre---- 218
Meeting of the Ordnance Division, American Society of Mechanical Engineers---- 254
Metal Specifications for Ordnance Matériel---- 366
Microphone, Use of in Machine Gun Testing---- 50

Ordnance Matériel, Metal Specifications for---- 366
Ordnance Officers' Reserve Corps (Extract from Annual (1923) Report of the Chief of Ordnance) 150
Ordnance Plants, Bethlehem Steel Retains Emergency---- 340
Ordnance Progress During the Year (1923)---- 149
Ordnance Reserve Officer on Fifteen Days' Active Duty---- 344
Overhauling Airplane Motors---- 258
Pack Artillery, Progress in Development of---- 18
Pack Howitzer, 75-mm., Model 1923 E---- 405
Palma Match, Test of Ammunition for the---- 228
Pan American Standardization Conference---- 380
Patents, Recent----63, 194, 271, 347, 412
Pautzeku, A Pilgrimage to---- 203
Pavesi Tractor---- 10
Peirce, Brig. Gen. William S. (Obituary)---- 29
Personals---- 250
Physical Training of Cadets at West Point---- 320
Picatinny Arsenal Notes---- 404
Piezo Electric Gage for Small Arms Pressures---- 51
Pilgrimage to Pautzeku---- 203
Pistol Traffic (Editorial)---- 278
Place of the Gage Maker in Modern Industry---- 359
Planning (Extract from Annual (1923) Report of the Chief of Ordnance)---- 150
Plans, Industrial Preparedness, Tested---- 388
Poison Bullets, William Clows on the Use of (Letter to the Editor)---- 328
Possible Agricultural Utilization of U. S. Nitrate Plant No. 2, Muscle Shoals, Alabama---- 262
Post, The California, of Army Ordnance Association 144
Post, The New York---- 42
Potassium Chlorate, Bromate-free---- 404
Powder Magazines, Lightning Protection for---- 404
Power Cart, Design of---- 403
Practice Bombs---- 392
Precision Measuring Instruments, Modern---- 381
Precision Measuring Instruments Used in Gage Inspection---- 375
Prematures, Artillery Ammunition---- 223
Preparation, Engineering Expense of War---- 357
Preparedness for National Defense---- 327
Preparedness, Industrial---- 358
Preparedness, Munitions---- 357
Preparedness, Nitrogen---- 148
Preparedness Plans, The President Approves---- 277
Preparedness Plans, Western Division, Chamber of Commerce, Approves (Editorial)---- 278
President Approves Preparedness Plans---- 277
Pressures, Piezo Electric Gage for Determining Small Arms---- 51
Professional Notes----55, 126, 189, 255, 334, 401
Progress in Fixed Nitrogen Research---- 236
Projectile, Effect of "Whip" on Travel of, in Bore 127
Progress, Ordnance, during the Year (1923)---- 149
Pyrotechnics, The Malfunctioning of---- 264
Railway Mount, 8-inch Gun and, Probable Characteristics of---- 101
Railway Mount, 14-inch Gun, Characteristics of---- 102
Range, Deflection and Wind Correction Computer-- 339
Recent Bombing Tests on Battleships---- 126
Recent Patents----63, 194, 271, 347, 412
Recoil Mechanisms, Advantages of Hydro-Pneumatic 230
Recoil Mechanism---- 405
Recuperator, Pneumatic, vs. Spring Return---- 53
Relation Between the Dynamic and the Static Tensile Tests---- 88
Removing Liner from 14-inch Gun---- 256
Report of Chief of Ordnance for the Fiscal Year 1923 (Editorial)---- 133
Reserve Corps Notes----61, 129, 193, 265, 344, 407
Reserve Officers' Association, Resolutions of (Editorial)---- 2
Reserve Officers, the Scientist and the Engineer as-- 85
Reserve Officers, Training of, at Arsenals---- 61
Reserves, Emergency Munitions (Extract from Annual (1923) Report of the Chief of Ordnance)--- 149
Resolutions of Reserve Officers Association (Editorial) 2
Riehlé Testing Machine, Use of, in Determining Relation between Dynamic and Static Tensile Tests-- 91
Rifles (Extract from Annual (1923) Report of the Chief of Ordnance)---- 149
Rock Island Arsenal Notes----190, 258, 338, 404
Rock Island Arsenal, School of Instruction for District Ordnance Reserve Officers---- 346
Rubber Track Development---- 12
Salvage (Extract from Annual (1923) Report of the Chief of Ordnance)---- 150
School of Instruction for District Ordnance Reserve Officers at Rock Island Arsenal---- 346
Scientific Apparatus Makers Endorse Defense Plans 97
Scientist and Engineer as Reserve Officers---- 85
Secretary of War Urges Cooperation (Editorial)--- 2
Self Propelled Mounts, Progress in Development of 18
Sheppard, Mrs. Creedy C. (Obituary)---- 125
Shoe, Flexible Track Link and, for 75-mm. Gun Motor Carriage (1924 E)---- 189
Sight Mounting, Type T---- 257
Sights, New Telescopic Musket---- 234
Small Arms and Ammunition, Testing of, Part II-- 49
Smoke Bomb Use, Grade A-4 Black Powder for---- 404
Smoke Bombs---- 391
Smokeless Powder, Under-Water Storage of---- 372
Special Bomb Fuzes---- 393
Specifications, Metal, for Ordnance Matériel---- 366
Specific Heat and Thermal Diffusivities of Certain Explosives, Part I---- 117
Specific Heat and Thermal Diffusivities of Certain Explosives, Part II---- 184
Specific Heat and Thermal Diffusivities of Certain Explosives, Part III---- 242
Spectrometer, X-Ray, Examination of Steel by the-- 77
Springfield Rifle, Gaging the---- 367
Spring Return vs. Recuperator---- 53
Standardization Conference, Pan American---- 380

Standardization of Gun Carriage Parts---- 260
Standardization of Machine Tools and Accessories-- 261
Standard Tolerances and Allowances---- 401
Star Shell, Tests of 155-mm.---- 404
Static Tensile Tests, The Relation Between the Dynamic and the---- 88
Steel, Examination of, by the X-Ray Spectrometer-- 77
Steels, Machine Gun Barrel---- 403
Step Threading of Breech Blocks and Breech Bushings---- 255
Storage, Under-Water, of Smokeless Powder---- 372
Sub-Caliber Bombs---- 326
Super-Guns, Caliber Board Requirements for---- 101
Super-Power as an Aid to National Defense---- 74
Supply and Maintenance of Matériel (Extract from Annual (1923) Report of the Chief of Ordnance) 150
Synthetic Ammonia Process of Nitrogen Fixation--- 151
Tank, Light L.K.III---- 36
Tank, Medium 1924---- 404
Tanks (Extract from Annual (1923) Report of the Chief of Ordnance)---- 149
Tanks, German---- 31
Tanks, Light L.K.I. and II---- 33
Tank, Vollmer, A.7.V.---- 31
Tank, Vollmer A.7.V.U.---- 33
Tank, Who Invented The?---- 36
Targets, Roller---- 50
Telescopic Musket Sights, New---- 234
Tensile Tests, The Relation between the Static and the Dynamic---- 88
Test of Best S-30 Tractor---- 403
Tests of 155-mm. Star Shell---- 404
Tests of Balloon Tires---- 403
Testing Small Arms and Ammunition, Part II---- 49
Tests, The Relation between the Dynamic and the Static Tensile---- 88
Thermal Diffusivities, of Certain Explosives, Specific Heat and, Part I---- 117
Thermal Diffusivities, of Certain Explosives, Specific Heat and, Part II---- 184
Thermal Diffusivities, of Certain Explosives, Specific Heat and, Part III---- 242
Thompson Gun---- 405
Time of Flight, Small Arms Bullets---- 49
Tolerances---- 362
Tolerances, The Unilateral System of---- 334
Toluol for the Next War, Benzol and---- 155
Top Carriage, 75-mm. Gun Carriage, Model 1923 E-- 336
Torpedo Bombs---- 324
Track, Dodge Truck with Chase---- 107
Track Development, Rubber---- 12
Track Lubrication---- 13
Tractor, Army, Model 1921, Characteristics of---- 106
Tractor, Caisson, The Mark VII---- 11
Tractor, Corps, Model 1921 E---- 403
Tractors, Development of Commercial---- 12
Tractors (Extract from Annual (1923) Report of the Chief of Ordnance)---- 149
Tractor, Divisional Artillery, Model 1920---- 8
Tractor, Divisional, Model 1920, Test of---- 106
Tractor, Fordson, with Hadfield-Penfield Adapter-- 9
Tractor, Holt T-35---- 8
Tractor, Monarch 6-60---- 56
Tractor, Pavesi---- 10
Tractor 10-ton---- 404
Tractor, Test of Best S-30---- 403
Tractors, Caliber Board Requirements for---- 106
Trailer Caisson, ¾-ton, Model 1921---- 6
Trailer, ¾-ton, Characteristics of---- 107
Trailer, 1½-ton, Characteristics of---- 107
Trailers, Caliber Board Requirements for---- 106
Trailers for Divisional Artillery---- 7
Trailmobile Universal Chassis---- 23
Trajectory, Determination of Small Arms---- 49
Transport Wagons for Medium and Heavy Field Artillery (German) Part II---- 43
Transport Wagons for Medium and Heavy Field Artillery, Part III---- 251
Transportation, Cross-Country Cargo---- 3
Trench Mortar Ammunition, The Malfunctioning of-- 226
Trench Mortar, Caliber Board Requirements for---- 105
Trench Mortar Fuze, Mark VI (Letter to Editor)-- 328
Truck, Dodge, with Chase Track---- 107
Trucks with Adapters---- 10
Twenty-Ninth Ordnance Company at West Point---- 318
Under-Water Storage of Smokeless Powder---- 372
Unilateral System of Tolerances---- 334
United States Military Academy---- 279
United States Military Academy: The Value of Its Training---- 281
United States Nitrate Plant No. 1---- 146
United States Nitrate Plant No. 2---- 146
Uncle Sam is Awake---- 166
Vollmer A.7.V. Tank---- 31
Vollmer A.7.V.U. Tank---- 33
Waco Quarry---- 148
Wagons, Transport, for Artillery, Part II---- 43
Wagons, Transport, for Medium and Heavy Field Artillery, Part III---- 251
Walsh, Col. James L., Address of, at New York Industrial Preparedness Meeting---- 295
Walsh, Col. James L., Appointed Head of New York Ordnance District---- 233
War Preparation, Engineering Expense of---- 357
Warren, Col. Charles Elliot, to Command Antiaircraft Regiment---- 45
War Time Nitrogen for Peace Time Agriculture--- 161
Watertown Arsenal Notes---- 260
Watervliet Arsenal Notes---- 58, 127, 255
Wave Distribution at the Alum Chine Explosion--- 94
Western Division, Chamber of Commerce, Approves Preparedness Plans---- 278
Westervelt Board Projects, Progress Under---- 15
West Point Museum---- 298
West Point, Ordnance and Gunnery at---- 315
West Point, Ordnance Faculty at---- 280
West Point, Physical Training of Cadets at---- 320
West Point, The Military Training of a Cadet at-- 305
West Point, The Twenty-Ninth Ordnance Company at---- 318
Wheel, Budd Pressed Steel Artillery---- 57
"Whip," Effect of, on Travel of Projectile in Bore 127
Whitney and North, Originators of Interchangeability---- 354
Williams, Maj. Gen. C. C., Address of, at New York Industrial Preparedness Meeting---- 295
Winkley "Odograph"---- 403
World War, Gage Situation During---- 355
X-Ray Diffraction Patterns, Method of Taking---- 78
X-Ray Spectrometer, Examination of Steel by the-- 77
